

# FIRST COMMUNION BREAD

As a sharing community, we come together to break bread.

As a giving community, we bake bread to share on First

Communion Day.

We ask each family to prepare bread to be offered at the First

Communion receptions. The key is to make the bread with the First

Communion student. Any member of the student's family can assist in

the preparation of the bread.

Please bring the breads, thoroughly wrapped, to Banner Day on

April 4. They will be put in the school freezer for First Communion

Day.

If you are unable to prepare the bread before Banner Day, you are

welcome to bring it in on the morning of First Communion day.

If you would like your bread specifically saved for your child's

reception, please mark the bread with your family name.
