

*Years of
anticipation,*

*... but much remains
to be done to truly
complete our project.*

This new sanctuary is a unique presence in the southeast Dallas community. It respects and celebrates our cultural diversity, is designed with energy efficiency and the environment in mind, and increases the ability of our church to meet the needs of our community and the diocese.

We invite you to share in building this remarkable tribute to God in the midst of the inner city, in gratitude and in recognition of the importance of the ministry of this church, and as faithful stewards of God's good gifts.

*prayers and
plans ...*

We'll soon be moving into our new church home ...

This move will bring to an end an era spanning more than 50 years during which members of Holy Cross Catholic Church have worshipped in a space designed for a multitude of purposes. Since the parish's founding in 1956, the 300-seat worship space has been used for a fellowship hall, a home to annual fundraising dinners, as well as a large community meeting space.

During the parish's 50th anniversary year in 2006, the 800 member families of Holy Cross committed to build a space designated for worship, where all people – regardless of culture – would be welcome.

This vision of a church sanctuary began to come to life with the September 2009 groundbreaking. The building project is expected to be complete before October 2010, but many furniture items and building enhancements remain to be acquired.

Holy Cross Catholic Church is seeking

- to fund the furnishing of the new sanctuary;
 - to enhance additional areas of the new structure;
 - to repay the debt incurred in the construction of the church;
- and*
- to provide ongoing support to enliven church ministries and organizations and strengthen our community outreach efforts.

An additional \$500,000 will allow us to furnish the church interior, enhance its exterior, and retire our construction debt. More than \$3.5 million already has been invested by Holy Cross parishioners and generous benefactors. We are seeking your assistance in our efforts to see a successful completion to this project.

Sanctuary Features

- Ample space for liturgical worship
- Sanctuary seating for 700
- Day chapel seating for 50
- Abundant natural lighting
- Radius pews
- Large courtyard for gathering and outdoor processions
