

We provide a loving environment for pregnant women along with their basic needs such as food, counseling, spiritual guidance and friendship.

The mission of Fontebella NFP is to ensure that no woman shall feel forced to have an abortion because of lack of physical, emotional, psychological or spiritual support. Fontebella NFP fulfills this mission by offering compassionate help and enabling positive, life-affirming choices by providing:

- A loving environment for the expectant mother to live during her pregnancy and transition into parenthood
- Mentoring to instill in all those we serve a sanctity for human life and self worth
- Education of life and parenting skills to empower expectant mothers with the confidence to provide for herself and her child after leaving Fontebella.

Fontebella is a 501(c)3 private corporation dedicated to sharing God's unconditional love to young women over the age of 18 who are experiencing an unplanned pregnancy.

Our home provides a positive alternative to abortion where new mothers will find love and care in a positive home-like setting.

Assistance will be provided in the choice of parenting or adoption, with the complete choice up to the mother and no pressure whatsoever to make either choice. We will only be there to assist them in either acquiring the knowledge and skills to parent or provide emotional support if choosing adoption. We help them to find hope for a brighter future.
