

St. Sebastian School Volunteer Interest Form

**** Please return this form to Office #1 by Sept 19, 2009 ****

Why Volunteer? Volunteering builds our school community by providing additional hands to get tasks completed. It gives everyone another way to support our children meet other parents, as well as faculty and staff who interact with our children every day. Please take a moment to complete this form so that we may accurately assess the number of volunteers we can count on this year. Each family is encouraged to choose at least one from the list of many opportunities. Please view the attached Volunteer Descriptions, to find one or many activities that are of interest.

NOTE: To help protect the children entrusted to us, the Diocese of Pittsburgh **REQUIRES** all volunteers to complete an online application and create an electronic file in their secure database before entering school property. Volunteers are also required to complete the Protecting God's children program. Please refer to the Parish website for more information.

Please indicate any and all areas that interest you:
