

A Vibrant Learning Community, Anchored In Christ.

May 17, 2010

Dear Parents,

Thank you for your prayers, patience, and encouragement during the process of finding a new principal for our school, St. Agatha Academy. It is your prayers, dedication, and support that make St. Agatha the school we all love. The sacrifices you make to send your children here do not go unnoticed and are the commitment we need to continue our tradition of excellence.

We were very fortunate to have had a strong pool of applicants for the position of principal. After much prayer and support by our faculty and parents, time and work by our search committee and parent committee, I am pleased to announce the position of principal has been filled by Mr. John Pica.

His experience, skills, and qualifications will be valuable for our school. Beyond that, he brings with him a commitment to the future success of the school and ideas to bring that success to fruition. His experience at the University of Kentucky and years as a part of the St. Agatha community makes him uniquely qualified to address many of the issues we are now facing.

In addition, we owe a debt of gratitude and appreciation to Ms. Christy Rickert who has made a commitment to the transition as well as the leadership she has given these past 2 years. I hope we all take the time to express our gratitude to her for all she has given and continues to give to our school children, faculty, and families.

We are blessed to have such dedicated leadership, incoming and outgoing, experienced faculty, and committed families. This combination assures us of a future filled with opportunity and growth.

With God's Blessing,

Fr. Jacob Kurian
pastor
