## *Fanning the Flame Update*

**June 2011**

Following is a short update!

### **Chapter Guides:**

Most Chapters have been taken, though there are still some available. To learn more about the important role of Chapter Guides [click here](#).

If you have any questions about possibly becoming a Chapter Guide please call 235-9601, ext. 1332.

If you are already identified as a Chapter Guide, please recall that your content may be sent in ahead of time. For any creative approaches you may be considering for your Chapter, please don't hesitate to call. Also, we have added the option of doing a "live event" for your Chapter using the internet, similar to the "Faith in Action" series below.

### **Faith in Action Series:**

The Faith in Action Series will be presented during the few months of preparation preceding the content of *Fanning the Flame*. To learn more please [click here](#). If you would like to participate in this series please call above.

### **Ordering Resources:**

In celebration of the Diocese's 125<sup>th</sup> Anniversary and in support of *Fanning the Flame*, the USCCB has generously provided a discount for the *United States Catholic Catechism for Adults* (USCCA). For ordering information please [click here](#).

Additionally, sample/adaptable order forms will be available to support parish plans facilitate ordering of the USCCA. Hopefully Parishes/Schools will promote it even to those not formally participating in a group study, but who could benefit from having it as a resource as it will be referenced throughout the year.

### **Additional Opportunities:**

We would like to invite people to join the FTF team as we begin task working groups, such as Blog management, promotions, facilitating non parish based study groups (for example, telephone conference based groups for home bound, non internet users) Please contact us if you are willing to help. Additionally, everyone is invited to join us by simply becoming a *Prayer Partner for Renewal* by [clicking here](#).

**Blessings and thank you!**
