

School Pledge

We believe that going to school is THE path to a good life. By facilitating the learning of the students, we as teachers and school staff, will help students to acquire the skills and attitudes that can make them successful, not only in school, but later in life as well. We understand that our students' educational success depends upon the collaboration of faculty, parents, and students. Therefore, we agree to carry out the following responsibilities to the best of our abilities:

We will model the five fundamental principles, and witness them in what we say and how we act.

We will provide students with a safe, collaborative, challenging, and welcoming environment.

We will provide the students with the opportunity to achieve mastery of the curriculum performance standards established by the Indiana Department of Education and the Diocese of Fort Wayne / South Bend..

We will give students the essential tools necessary to tackle challenging academic content.

We will provide students with books and other appropriate materials that support the academic program.

We will provide students with timely feedback on assignments and tests, and keep students aware of their progress and performance.

We will communicate to parents on student progress and conduct, including timely and fair notice of unsatisfactory work.

We will accommodate students with special needs.

We will set high standards for behavior and academic performance, and consistently encourage students to reach these standards.

We will recognize students who successfully complete assignments and perform satisfactorily, and give special recognition to those who go above and beyond what is expected.
