

Incensing Gospel With Candle Escort (Use Tall Candles)

① As soon as 2nd reading ends, Thurifer + boat go to Priest +/or Deacon so as to add incense to Thurible, then move partially to wing. Meanwhile, candles go immediately to altar, turn + face each other waiting for Priest/Deacon to get B/G from altar...

② Candles stand/walk either side of Priest/Deacon as they walk to wing aisle, standing on either side of Priest/Deacon as they face assembly

③ Then, Thurifer leads boat, candles and Priest/Deacon as they process (single file) to main aisle, then face assembly, pause, and move around to other side aisle, pause, then go to Ambo.

④ after Gospel is read, Thurifer + boat return to Sac, candles follow side by side

⑤ During Gospel reading, Thurifer + boat stand directly behind ambo, as far back as possible, while candles stand either side of ambo.
