¹If your giving in any category is weekly, simply multiply your weekly giving by 52 to obtain your yearly total. Similarly, for monthly giving multiply by 12 to obtain your yearly total

Take a Step to Total Stewardship of Treasure ...

1. Find your gross household income in the chart below. Move across on the same line to find the amount you currently give weekly**. Move straight up the column to determine your percentage giving.
2. Please consider committing at the next level to the right. For example, if your Total Stewardship of Treasure is 2.0%, consider committing 4.0%. If your Total Stewardward of Treasure is less than 2%, consider raising your commitment to 2%.
3. Consider setting your eventual goal at 8 - 10% or more to Parish Sunday collection and an additional 2% or more to Church and secular charities. It may take a few years to get there, but it can be done by taking just one step at a time.
