

# Extending **WinWinWin** to Other Merchants

**Earn 4% buying at other Stores instead of just Kroger!!!**

Merchant gift cards are available for purchase at Kroger. Gift cards for the merchants listed below can be purchased with the Kroger gift card without paying any service fee. There are some American Express and other credit card company cards available at Kroger that can be used to purchase anything, but there is a small fee to purchase them at Kroger.

More forethought is necessary, as you need to go to Kroger and buy the merchant card before going to the respective store, but if your purchase is large this is a good opportunity.

**Travel a lot on business?** Pay for your airline tickets with Southwest cards purchased at Kroger!

**Buying a large screen LCD TV at Best Buy or Sears?** Pay for it with cards purchased at Kroger. Remember you still get your credit cards points when charging the Kroger card!

**Home Improvement project (new windows, new deck) underway and buying at Home Depot?** Pay for it with cards purchased at Kroger.

**Are you a regular customer at Starbucks?** Well you know what you can do. :-)
