Dear Special Friends,

Having each other is what matters most and that is what makes us a family. I believe that families are essential to the framework of a successful life and without your love and dedication our family would lose hope.

Special Friends, your continued support has once again given hope to the children of St. Labre. Your donation of \$80.00 has helped me care for the nearly 800 students in our care. Without this support the children would not have the hope or family to encourage their dreams.

My dream is to make sure that the children of St. Labre have the education that they deserve, enough food to eat and a roof over their heads. Thank you for helping us get closer to making all of our dreams come true.

On behalf of everyone here, thank you and may God bless you and those close to your heart. You and your loved ones will remain in our daily prayers.

For the Indian children of Pretty Eagle, St. Charles and at our main campus of St. Labre, I remain

Gratefully yours,

Curtis Yarlott
Executive Director

P.S. Enclosed is a copy of a letter written by one of our second graders. This is their way of expressing how grateful they are for the love and kindness you have shared. I hope you will cherish it as much as they cherish you!

St. Labra

Dear Donors,

Thank you for our wonderful school. The fantastic supplies help me get my work done. We love the amazing pouches that help keep us organized.

Love,
Cali
