

Dear Friends of Respect Life,

Following is information about 40 Days For Life and contact information. This is an important and effective national campaign that happens in local communities making in defense of Life. If you can commit to participating on site that would be great, but if not, please participate with your prayers!

Thank you to Carrie Adolph and all those supporting this effort!

Blessings,

Laurie Edwards, Respect Life Coordinator, Catholic Diocese of Belleville

Pro-life advocates across Southern Illinois to launch 40 Days for Life Campaign

Granite City, IL – Next week, one of the nation’s most innovative pro-life outreach efforts will kick-off in Granite City. People of faith and conscience will join together from all across Southern Illinois to pray and fast for the end of abortion. Granite City is one of 297 sites, both domestically and internationally, participating in the 40 Days for Life Campaign held from September 28 – November 6.

40 Days for Life is an intensive pro-life initiative that focuses on 40 days of prayer and fasting, 40 days of peaceful vigil at abortion facilities, and 40 days of grassroots educational outreach. The 40-day time frame is drawn from examples throughout Biblical history where God brought about world-changing transformation in 40-day periods.

“40 Days for Life has already generated proven life-saving results,” said David Bereit, national director for 40 Days for Life. “During eight national coordinated campaigns, more than 380 communities have joined together for nationally coordinated 40 Days for Life campaigns. The efforts of hundreds of thousands of people of faith helped make a tremendous difference.”

Numerous cities have reported a significant drop in abortions. Some abortion facilities either closed altogether or scaled back their operations. New volunteers have gotten active in local pro-life efforts. Churches of different denominations worked together to work for an end to abortion in their cities. Many post-abortive women begun programs to heal from the pain caused by previous abortion experiences. And more than 4,300 babies -- and their mothers -- have been spared from the tragedy of abortion. “With such a strong track record of results,” said Bereit, “we are excited to see what God has in store for this campaign.”

The local 40 Days for Life Campaign is going to be held at the Hope Clinic on 1601 21st Street in Granite City. The local campaign director, Carrie Adolph, stated that “she longs for the Church body to join together and bring the love of Christ to the clinics and let people know that they have Options.” Carrie stated that “this campaign truly is powerful because it relies on peaceful prayer to a compassionate God who is the only one who can bring true transformation.”
