Mr. Bennack,

I am participating in LDI's boycott of the corporation because of its donations to Planned Parenthood. I respectfully urge you to end the association.

Planned Parenthood commits more abortions than any other single entity in the United States. In a newsletter distributed to its abortionists, PPFA said, "We see abortion as a necessary, desirable service and as an integral piece of comprehensive reproductive health care services."

The definition of abortion is the "expulsion of the embryo or fetus resulting in its death". Also consider that PPFA's income for Fiscal Year 2006-2007 was 1.018 billion. Between death and greed, does your company truly want to be associated with such an industry?

Respectfully,
