

EXTENDED CARE

Saint Michael School offers an extended care program for students enrolled in our school. The program runs from 2:30-5:30 PM each day that school is in session.

Students receive a snack and drink each day. Time is provided for organized and free play, completion of homework, art or computer activities, and prayer time.

Students are supervised and cared for by a teacher from the school.

Cost is \$7.00 per day for one child and \$6.00 per day for each additional child. Children who are picked up before 4:00 PM are charged \$5.00 per day for the first child and \$3.00 for each additional child.

Registration is held during the summer. There is a registration fee of \$30.00 per child to help with snack costs and other expenses. An extended care registration form is included in this handbook.
