

RCIA—These letters stand for Rite of Christian Initiation of Adults. This process covers a number of situations: someone never baptized, someone baptized but without additional education, or baptized in another faith. The RCIA helps a person learn about the Catholic Church and how to be a Catholic Christian. The Sunday readings are used as the basis of the lessons. While we do have the adult process, we also have the process available for children.

For additional information, contact Emily Watroba.
