

About Our Menu

Lobster Rolls:

This year's new item, these babies are authentic in every way! Maine cold water claw meat with a hint of lemon and with a lite coating of mayo (and one other ingredient-we can't tell you!) served in a sweet hot dog bun! The real deal!

Lump Maryland Blue Crab Cakes:

Homemade weekly, they consist of Maryland blue crab with no filler, wet and dry mustard, Old Bay, Worcestershire sauce, egg, mayo and a couple secret ingredients. They are then encrusted in panko bread crumbs and gently sautéed in olive oil. Heart healthy and very good if we must say so ourselves!

Sea Scallops:

Premium wild-caught sea scallops, pan seared in butter and olive oil after being lightly dusted with seasoned bread crumbs. We finish them with lemon and grated parmesan cheese and a bit of fresh parsley! Simple, but oh so good!

Baked Salmon:

Six ounces of Norwegian salmon baked to order and served with a lemon cream sauce! Soooo healthy!

Baked Fish:

Eight ounces of frozen-at-sea Arctic cod fillet, we bake our fish with a little lemon, butter and seasoned bread crumbs! Be patient, this fish is cooked to order!

Fried Fish:

Over a half pound of cod, hand cut and breaded with seasoned panko bread crumbs, we deep fry in heart healthy tri-fry oil!

Our **bread**s are baked fresh daily and come from the Italian Bread Place in Greentree. You can't help but notice the quality.

Our **oil** is expensive, but your health is worth the cost! It's a blend of canola, safflower and grape seed oil. **NO TRANS FAT-NO CHOLESTEROL! FATHER STAN SAID SO!**
