

St. Mary School Pre-k Supply List

Two 24-count boxes of crayons

Six washable glue sticks-small size

One ream plain white copy paper

Four packages unscented diaper wipes

One roll clear (Scotch) tape

One box tissues

Two rolls paper towels

One box quart-sized ziplock bags (last name A-H)

One box snack-sized zipper bags (last name I-O)

One box gallon sized zipper bags (last name P-Z)

One package plain white paper plates (last name A-H)

One large package plain white napkins (last name I-O)

One package plastic spoons (last name P-Z)

One insulated lunchbox and cold pack for snack & drink

One small backpack without wheels just large enough for a folder

You do not need to send in pencils, markers, scissors, notebooks, storage boxes or anything other than what is on this list unless specifically requested at some point during the school year. We do not have much storage, so it is possible that a letter may go home, as we get further along, requesting additional or replenishment supplies.

We do not use much hand sanitizer in Pre-k as it can be toxic if young children get it in their mouths. We wash our hands the “old fashioned way” with soap and water.

I’m really looking forward to the new school year! Peace and Good Health!
