

## St. Roch Meditation Garden Commemorative Brick Paver Campaign

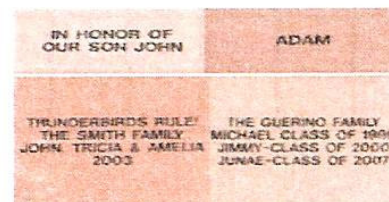

Our church family has worked long and hard to build our beautiful new Church. Wouldn't it be wonderful to have an equally beautiful view of nature outside our windows? The Meditation Garden Committee envisions lovely gardens where you can stop and commune with God or just enjoy the glorious gifts of nature He has given us. Our initial project is to create a beautiful brick paver pathway to meander down and enjoy the future garden projects. All beautiful gardens are works of progress and require maintenance and tender loving care. We hope all you green thumbs out there will join us in all our future garden projects and together, create a beautiful space to be enjoyed by all!

How many times have we heard Father Rick say, "Remembering the Past. Building for the Future?" So why not buy a brick to celebrate the past & future life of St. Roch. What fun it would be to bring your children and grandchildren, walk down the meditation garden path and see your names engraved in the bricks they're walking on. Can you imagine a young child walking the path and seeing a brick with their name and baptismal date engraved on a brick, or a newly married couple commemorating their big day engraved in a brick within the meditation garden path. It's a wonderful way to celebrate Baptisms, Confirmation, Weddings, Church Groups, Remembrances, Graduations, Anniversaries, Engagements, Business, or any other special event, person or group.

Finished Bricks are available in 2 sizes

4" x 8" brick, 3 lines, 18 characters each line \$50

8" x 8" brick, 6 lines, 18 characters each line \$100

All Brick engravings will be in Helvetica font and in "ALL CAPS" as shown in the example on the right. A sandblasting technique is used and the bricks and engraving are guaranteed for life.

By the grace of God and the help of our Parishioner's we will build the Meditation Garden. It may have to be done project by project. It may require hard work and maintenance but what good thing doesn't. Each year we will get a chance to add something spectacular and excitingly new to the Garden.
